TITLE: Procurement Coordinator

I REPORT TO: Administration Director

REPORTING TO ME: Stores Clerk

CATEGORY: Administration

LAST UPDATED: June 2020

Job Summary

Formulate and drive a consistent approach towards all sourcing and purchasing, ultimately ensuring that value for money is maximized and cost savings are generated. Run an effective and efficient International Procurement (USA and SA) and Local Procurement system. Run an efficient stores management system as well as accurate bin card system. Maintain smooth operations, processing of all requisitions, and timely supply to all departments. Ensure that bookshop and stores are always supplied with stock and within their budgets.

Procurement Management

- Pro-actively work with all departmental budget holders, event managers and event planners to rapidly identify major procurement opportunities and deliver quick service.
- Actively monitor the external business environment and be fully aware of changes in the inflationary and purchasing environment.
- Establish, harmonize and maintain appropriate formalized purchasing policies and compliance to procedures across the organization.
- Develop a suitable suppliers' database and protocol for ongoing supplier management including the ongoing creation, rationalization and management of preferred suppliers.
- Facilitate procurement of all church asset requirements, stationery and other supplies required by the Ministry.
- Procure from outside the country all departmental requirements and other supplies required by the church which can be procured more cheaply from overseas.
- Provide active benchmarking data and analysis to ensure the church achieves continued value. Draft a template which should be regularly updated of price comparatives of items purchased (USA, SA and Local prices). Each time before purchase, ensure that the best source is being used.
- Ensure that payment terms are managed and optimized in favour of the church.
- Coordinate with the head of the Finance Department towards the end of every year and obtain all international procurement items budgeted for the following year, compile them, obtain the links from the various departments and initiate international procurement procedures after budget approvals.
- Coordinate the procurement of items from South Africa through Razz, according to the laid out procedure.
- After items have arrived, forward the items of what has been procured to stores for those that need to be in stores like stationary stock, and forward to departments through the Stores Clerk, with complete records of items procured for other departments.
- Ensure that all departments receive their supplies on time in line with policy.
- Ensure that all procedures in the procurement manual are followed including maintaining payables files, Goods in Transit and Goods Received file and the processes required on each stage.

- Ensure all payments made by the accounts dept are well supported. Every time the Credit Card statement comes through, compare and attach all supporting document invoices and return to accounts for payment.

Local Procurement and Stores

- Procure all stationery and other office supplies (from either international or local source) required by the church.
- Ensure complete records of items procured, items issued and to which department and stock levels at any point in time.
- Ensure that all departments receive their supplies on time in line with policy
- Ensure that all supply deliveries are signed for by staff who have requested.
- Ensure that a stock take for stores is done end of every quarter with one of the accounts staff as witness.
- Keep track of each department's balances on their budgets of the items bought in advance for them.

Bookshop Purchasing

- Constant generation of ideas to improve inventory turns on purchased materials, with a focus on standardized components.
- In liaison with the Bookshop Manager, develop a yearly business plan for purchasing based on customer demand and systems' re-order levels.
- Manage the vendor evaluation process, looking at price, lead times and quality.
- Negotiate pricing and terms with all vendors.
- Reduce inventory while satisfying customers' requirements through accurate inventory/usage data analysis and effective vendor stock solutions.
- Monitor freight of goods to determine when items arrive in coordination with the Bookshop Supervisor.
- In liaison with the Bookshop Supervisor, ensure the bookshop has sufficient stock for sale at all times.
- Maintain good customer relations with suppliers and ensure all purchases are paid for on time.
- Maintain current standard operating procedures in light of the above operations.

Supplier Lists

- Keep and maintain a record of supplier lists for all local procurements for different goods and services.
- Keep and maintain a record of supplier lists for all International procurements for different goods and services.
